As we approach the summer months, there will be continued maintenance, growth and expansion in the Serbian Garden that can only be accomplished through your generous donations and funding. We are pleased to announce there are plans in the works for next year to install the bust of a famous Serbian woman in the Garden: **Desanka Maksimovic**.

We need your continued support to underwrite the cost of this worthwhile and important addition to the Garden. Your donations are critical to the continued success of maintaining and preserving the Serbian Garden as a treasure in the Cleveland area and the Serbian Community. There is nothing like it in the world!
